We have audited the accompanying general purpose financial statements of Public Utility District No. 1 of Asotin County, Washington, as of and for the year ended December 31, 2001. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Public Utility District No. 1 of Asotin County, as of December 31, 2001, and the results of its operations and the cash flows of its proprietary fund types for the year then ended, in conformity with accounting principles generally accepted in the United States of America.
